

ELEVEN ROADS IN IT.

The Pullman Boycott Has Spread Rapidly.

Southern Pacific at a Standstill in California.

WON'T MOVE PULLMANS

Boycott Seems to Be Working in Montana.

CHICAGO, June 28.—The employees of the Chicago Great Western railway went out last night, making a total of eleven Chicago roads now tied up or crippled by the American railway union boycott of Pullman cars. The roads so far affected by the strike at this point are the Illinois Central, Santa Fe, Chicago Great Western, Chicago and Northern Pacific, West Indiana, Wisconsin Central, Chicago and Eastern Illinois, Wabash, Grand Trunk, Monon and the Baltimore and Ohio. On some of these roads Pullman cars were still being carried last night, but the strike leaders confidently asserted to-day would see the boycott completely effective.

The men who have been leaving slowly and in small lots are beginning to show effects of the American Railway union "missionary work," and last night the boycott sentiment was much more general and apparent than at any previous time. An attempt was made last evening to send out the St. Paul train on the Chicago Great Western with a Pullman sleeper attached. The train started out, but when it was found the sleeper had been coupled on, a trainman pulled the bell-rope and, in a few minutes the train pulled out leaving the Pullman in the depot.

Crowds of strikers and sympathizers gathered in the railroad yards in different portions of the city, and the police were kept busy quelling their demonstrations. Strikers drove Illinois Central employees from the yards at Fordham despite the efforts of a detail of police, and an additional force was sent to that point. Later in the evening a large crowd gathered in the Western Union yards at Archer avenue, and became so demonstrative that the police there were doubled.

Not a wheel was moved in connection with the Illinois Central suburban service after 9 o'clock last night. Seven train crews after having brought their trains into the central station refused to take them out again.

THE SOUTHERN PACIFIC TIED UP.

No Trains Except Local Ones Running in California.

SAN FRANCISCO, Cal., June 28.—The American railway union men in the employ of the Southern Pacific have asserted their power. As a result of their attempt to enforce the Pullman boycott, passenger trains are tied up at every railroad center of the state. Save by the local trains there have been no passengers out of San Francisco or Oakland, and there is every indication that the tie-up may be protracted. An official of the Southern Pacific company declared that his people had made up their minds that if they are not to be allowed to run Pullman coaches they will run no trains at all.

The local officers of the American Railway union declared that the Pullman coaches must be withdrawn, and both sides seem to be prepared for a bitter and determined fight. Threats of the Southern Pacific managers that if they can not run Pullmans they will not run the trains to which they are usually attached, explained by the fact that the Southern Pacific owns a seventy-five per cent interest in all the Pullman coaches running over its line.

At Los Angeles the boycott has resulted in the tying up at that point of all overland passenger trains on both the Southern Pacific and Santa Fe roads.

NOT A WHEEL TURNING.

On the Montana Division of the Northern Pacific Traffic Has Stopped.

HELENA, Mont., June 28.—The first effects of the Pullman boycott were seen here yesterday when the East-bound Northern Pacific arrived. Tuesday night the West-bound train was bound up at Livingston and the superintendent of the Montana division ordered the East-bound train to be killed when it got to Helena. This was done and the 300 passengers that were aboard are scattered about the city sight-seeing. There has been no excitement of any kind and everyone takes the situation philosophically.

On the Montana division, extending from Helena to Livingston, not a wheel is moving. This is due to the fact that shophen at the latter point have taken advantage of the Pullman boycott to present their demands for an increase in pay, and in sympathy with them other employees have gone out on that division. There are a lot of tourists at Livingston and at National Park who have been caught in this tie-up.

GENERAL STRIKE ORDERED.

Report That All the Men on the Santa Fe Will Go Out.

LAS VEGAS, N. M., June 28.—Railroad men here are quiet, but their determination not to move a Pullman is very apparent. The presence of a United States marshal and a number of deputies loaded down with guns had no effect on them. Engineer Jerry De Long and Fireman Reed Oldham were in the cab of the noon train from the south ready to start at a moment's notice should the Pullmans be removed, but refused to budge otherwise. A telegram came from Manager Frey discharging these men, and it has just been announced that a general strike has been ordered on the whole Santa Fe system until these men shall be restored.

Interstate Miners' Union.

PITTSBURG, Kan., June 28.—The miners' conference held in this city

to-day was attended by over 200 delegates from Kansas, Missouri, Arkansas and the Indian territory. A resolution was passed empowering the executive committee to at once proceed to the formation of such an inter-state association with a uniform rate per ton for mining. Another resolution was passed asking Senator Peffer to introduce a bill in congress for an appropriation of \$250,000 to provide for destitute miners in the Indian territory.

At Omaha. OMAHA, Neb., June 28.—The boycott on the Pullman company is not being felt here directly at present, but the indications are that it will be a factor in railroad circles of this vicinity shortly. The A. R. U. members are more numerous at small points west than at Omaha and then, it is thought, the trouble will occur. This applies to the division towns on the Union Pacific, Burlington, Rock Island, and Missouri Pacific.

A. R. U. Men Out at Emporia. EMPORIA, Kan., June 28.—On receipt of an order to that effect all the members of the American Railway union employed on the Santa Fe road at this point quit work last evening. The division of the union here numbers about 280 members, and includes nearly every employe of the road at Emporia and Strong City.

Trains Held at La Junta. LA JUNTA, Col., June 28.—Through passenger trains are being held at this point on account of the boycott on the Pullman cars. Some forty firemen have been discharged for refusing to go out on these trains, and one engineer from the South end. The company is feeding about 100 passengers.

Restraining Order Against Strikers. DENVER, Col., June 28.—Judge Hallett of the United States circuit court has issued an order restraining the Pullman strikers or other persons from interfering with the operations of the Santa Fe railway company, or with employes within the confines of Colorado.

Boycotting Cars in Cincinnati. CINCINNATI, Ohio, June 28.—About five hundred switchmen and yardmen from Ludlow, Ky., met here last night and resolved to boycott Pullman cars to-morrow, beginning with the Cincinnati Southern.

The Welsh Coal Mine Horror. CARDIFF, June 28.—The list of those killed by the explosion in the Albion colliery on Saturday night continues to swell, and the number is now far ahead of the first estimates of the fatalities. Thus far 268 bodies have been brought to the surface.

A Duel With Swords. ROME, June 28.—Signor Imbriani and Major Tassoni fought a duel with swords. They were both wounded, the latter severely. They were members of the chamber of deputies and the quarrel was a political one.

Killed in a Cyclone. PIPESTONE, Minn., June 28.—A cyclone passed over Pipestone last evening, causing injury to persons and heavy property losses. Mrs. Gifford T. Hicks was instantly killed, and Mr. Hicks seriously injured.

Decreased Earnings. PITTSBURG, Pa., June 28.—The decrease in May earnings on the Pennsylvania lines east and west reaches \$1,700,000.

CONDENSED TELEGRAMS.

The trial of Cossaccio Santo, the anarchist assassin of President Carnot, is to take place July 23.

Three thousand Italian workmen have arrived in Berlin from France since the murder of M. Carnot.

At Nimes two men have been arrested for shouting "vive l'anarchie" and for praising Santo's murderous deed.

IOWA CHARGES FRAUD

Claimed That the Selection of Cleveland

For Next Republican League Meeting Wasn't Square.

TRACEY RE-ELECTED.

A. B. Humphrey of New York is Elected Secretary.

DENVER, June 28.—The Iowa delegates to the National Republican League convention charge that the selection of Cleveland, Ohio, instead of Des Moines, as the place for holding the next convention was accomplished by fraud and will appeal to the executive committee to reverse the decision.

The delegation has issued a statement to the Republican leagues declaring that Mr. Byers, chairman of the delegation, challenged in convention the 91 votes of the college league for Cleveland by Theodore Cox.

"Secretary Humphrey," the delegation says, "replied that Cox had the proper credentials on file and Chairman Tracey instantly overruled the objection and counted the ninety-one votes. After the convention adjourned, upon demand upon Secretary Humphrey for the credentials of Mr. Cox, Secretary Humphrey raked up an old letter received by him from Cox on May 18, 1894, in which Mr. Cox gives a list of college clubs, ninety-one in all, and Secretary Humphrey now admits that Cox had no other credentials. This letter was never presented to the committee on credentials, or approval by the convention."

Mr. Byers says: "This may be the Ohio kind of politics; it may be the policy that Tracey and Humphrey intend to pursue, but if they do not stick to it, the Republican national league is dead, dead, dead, any stinking mackerel on the seashore."

A meeting of southern delegates has been called for today for the purpose of organizing a southern league, on account of dissatisfaction with the action of the convention in refusing to allow the adoption of the census plan of representation in the south.

TRACEY RE-ELECTED PRESIDENT.

Other Officers Elected by the Republican National League.

DENVER, June 28.—After the Republican league had adopted the report of the committee on resolutions yesterday afternoon it proceeded to the election of officers, which passed off with far less excitement than had been expected.

General Cyrus Bussey of New York, stated that Colonel E. A. McAlpin, in a telegram, positively refused to be a candidate.

The delegates from New York, he said, felt humiliated at their position. They could only express their thanks to those who had tendered their support. Mr. Tracy was then nominated and was unanimously re-elected.

For the secretaryship the candidates were: Secretary Andrew B. Humphrey of New York and C. W. Varnum, secretary of the Colorado state league. Mr. Varnum withdrew and Mr. Humphrey was unanimously re-elected.

One vice president from each state league and an executive committee consisting of one member from each state league were elected, and to the executive committee was left the duty of selecting a treasurer and the time for holding the next convention.

The committee appointed to select the place at which the next convention shall be held submitted a report recommending Des Moines. This was the signal for a sharp skirmish. The report of the committee was ignored and a number of cities were proposed. Finally a vote was taken, the result being the choice of Cleveland, Ohio, by a vote of 813 to 784.

The convention then adjourned sine die. Last evening the delegates attended a reception given them by the ladies of Colorado at the Brown Palace hotel.

ILLINOIS DEMOCRATS.

McVeagh Nominated for Senator. Altgeld Indorsed, and the A. P. A. Denounced.

SPRINGFIELD, Ill., June 27.—For United States senator, Franklin McVeagh, for state superintendent of public instruction, Henry Raub; for state treasurer, Bayard J. Claggett; for trustees state university, Julie Holmes Smith, C. L. Pleasants and T. C. Clendenning. This was the ticket nominated by the Democratic convention yesterday, and the party indorsed the national administration only so far as its actions have coincided with the platform of the Chicago convention.

The platform demands that an effective bill of reform tariff taxation be passed. It condemns trusts, and says they are the direct results of the Republican protection system. Altgeld's administration is commended. The American Protective association is condemned. Declaration is made in favor of honest money, a proper ratio between the value of gold and silver, and all mints thrown open to free coinage. An income tax is favored, and sumptuary laws opposed.

Iowa Prohibitionists.

DES MOINES, Iowa, June 28.—Prohibitionists closed their meeting here with a series of speeches by leading men of the party. The nominations in the convention were made by a committee and voted for by the convention as follows: Secretary of state, Rev. R. Mitchell of West Side; Auditor C. H. Gordon of Fayette; state treasurer, R. C. Milton of Des Moines; attorney general, R. H. McGinnis of Jackson.

SAM JONES IS SEVERE.

Political Corruption in the South Sure to Disrupt It, He Says.

MONTGOMERY, Ala., June 28.—Rev. Sam Jones preached to 6,000 people at Troy, Ala., last night on political corruption. He handled ballot-box stuffers without gloves, and predicted the disruption of the south if it was allowed to continue.

A fair count might mean, he said, negro domination, but a corrupt ballot means the devil's domination. He said a partisan preacher who indorsed rascality in elections would not be in hell ten minutes before the devil would saddle and bridle him and hope him all over the infernal regions, to show him off. If the preachers would preach less about the sweet by and by, and more about the dirty present, more good would be accomplished.

He said a western preacher asked him the other day why he didn't have fair elections down here, and he replied they were as fair as those of the western states; that we used lead down here and they used silver in the west; that we could kill them cheaper than we could buy them here, and the reverse was true of the west.

In national politics he was like the Texas farmer who commenced to shear his sheep at the fall, and who, when he was asked why he did so, replied that he used to commence at the other end, but since he voted for Cleveland wool had dropped to seven cents and he didn't have the nerve to look a sheep in the face.

MEDALS OF HONOR.

They Have Been Awarded to Members of a Volunteer Storming Party.

WASHINGTON, June 28.—By direction of the president medals of honor have been awarded to the following persons, who were members of the volunteer storming party that made an assault on the enemy's works in the action at Vicksburg, Miss., May 22, 1893. James Henry, sergeant of company B. One Hundred and Thirtieth Illinois infantry, now of Maywood Ill.; Reuben Smalley, private Company F. Eighty-third Indiana infantry, now of Greensburg, Ind.; William Toomer, sergeant Company G. One Hundred and Twenty-seventh Illinois infantry, now of Chicago; Frank Halso, private Company G. Eighty-third Indiana infantry, now of Indianapolis; and Theodore Hyatt, sergeant Company D. One Hundred and Twenty-seventh Illinois infantry, now of Lockport, Ill.

NICARAGUA CANAL BILL.

Important Amendments Made by the House Committee on Commerce.

WASHINGTON, June 28.—The house committee on commerce approved the Nicaragua canal bill drawn by the sub-committee and ordered to be reported to the house. One important amendment to the bill reported by the sub-committee was made by the full committee, giving the government a first lien upon the canal so there can be no chance for loss through its guarantee of bonds.

To exactly define the relations between the government and the company another amendment was inserted, stating the \$70,000,000 of stock to the government shall be issued in consideration of the guaranty of bonds by the United States and shall be regarded as fully paid for and non-assessable.

Missouri Chautauqua.

SEDALIA, Mo., June 28.—The eighth annual session of the Missouri Chautauqua assembly began yesterday at Association park. The ten days' session was opened with an "opening platform" meeting in the large canvas pavilion, when a number of short addresses were made by local clergymen. Last night an immense audience listened to a most interesting lecture by Robert Harper of London. His subject was "Around the World in a Man-of-War," and it was illustrated by three powerful stereopticons.

Cost of the Coal Strike.

UNIONTOWN, Pa., June 28.—The coal strike bids fair to outrival all its predecessors in expense. The actual cost is thought to aggregate \$1,000,000. Of this sum the men have lost in wages \$584,000, and the operators nearly half a million more in the payment of deputies, loss of stock, evictions and importation of new men. The strike is believed to have been broken and a general resumption is expected in a short time.

Italians Pleased.

ROME, June 28.—All the evening papers speak very highly of the election of M. Casimir-Perier as president of France. In the chamber of deputies to-day, Baron Blanc, minister of foreign affairs, announced that he had received assurances from France that stringent measures would be taken to insure the safety of Italians in that country. Baron Blanc added that this spontaneous promise had been fully kept.

New Mexico Statehood Bill.

WASHINGTON, June 28.—The house got into a series of deadlocks over the New Mexico statehood bill. The bone of contention was an amendment, originally proposed by Mr. Smith, Republican, of Illinois, requiring the public schools to teach the English language. The consideration of the bill was not concluded at the hour of adjournment.

OREGON'S NEW GOVERNOR.

Judge Lord Was Born in Delaware and Served in the Union Army.

William Payne Lord, governor elect of Oregon, was born in Kent county, Del., about 55 years ago. He was educated at home and at Fairfield academy in Herkimer county, N. Y. He began the study of law at Dover, Del., in 1862, in the office of George P. Fisher, a member of congress and subsequently judge of the supreme court of the District of Columbia. The Dover bar was celebrated for its learning at that time, and law students were attracted to that town from all over the peninsula.

War's alarms soon interrupted the young man's studies, and his sympathies being with the north he joined the First Delaware cavalry and was appointed its major. He served till the close of the war and then resumed his law studies, completing them at the Albany Law school.

In 1868 Major Lord went to Salem, Or., and there formed a law partnership with an old comrade in arms, Lieutenant Colonel Napoleon B. Knight, also a Delawarean and a graduate of Union college. Major Lord prospered in his adopted state and was soon able to return east and take one of the fair daughters of Baltimore for a bride, Miss Juliet Montague, a brunette of rare beauty, well born and highly educated. Mrs. Lord is very popular in the society of Salem and Portland and has materially assisted her husband in the attainment of his ambitions.

Mr. Lord is at present chief justice of the state of Oregon. He will succeed Sylvester Penney as governor on Jan. 14, 1895, and for four years will draw the salary of \$1,500 a year appertaining to that office.

Palpitation of the Heart and A General Break Down

The Good Effect of Hood's was Marked and Permanent.

"C. I. Hood & Co., Lowell, Mass.: 'Gentlemen:—I was taken down sick last December, and became very weak with nervous trouble, palpitation of the heart, and a general break down. I had a good physician, but lingered along, getting no better. I could sit up only about half a day, until the 15th of March, when I concluded I would give Hood's Sarsaparilla a trial. When I had used it a short time, I could get up and go all about the house all day. I have never enjoyed perfect health, but am now taking my fifth bottle of Hood's Sarsaparilla, and know it has helped me wonderfully. I have used Hood's Pills, and think them excellent.' Mrs. A. E.
